## ONLINE LESSON SHARING

A Virtual Learning Environment (VLE) ensures active and direct communication of teaching & learning materials. This gives students the opportunity to access digital content on their laptop, tablet or mobile.

## LEARNING ENVIRONMENT

City Language School provides integrated skills lessons, enhanced by blending digital learning technology with dynamic, pedagogically sound communicative activities both in the face to face and virtual classroom.

All of our classrooms have interactive whiteboard technology and there is WI-FI throughout the school.

## SUPPORT

Each student's progress is monitored and the Academic Team is always at hand to provide additional study and learning support. In class, teachers give focused feedback to help students make structured progress.

Lessons help students develop strategies that maximise learning outcomes and learners who may need additional support are identified at our weekly Teachers' Meeting. The CLS Team checks in with students regularly to offer advice

## CERTIFICATE

At the end of the programme, we celebrate every student's achievement with a Certificate of Completion. Each certificate gives the CEFR Level that the student is currently working towards and the number of lessons per week.

We want each and every individual student to enjoy their City Language School experience and to become an ambassador for the school, sharing their experience with family and friends.

# CITY EDUCATION GROUP

Unlike many English Language Schools in Dublin, City Language School is part of the larger City Education Group. The group has an impressive record of delivering high quality learning experiences to over 5,000 students every year. We are proud to be one of the group's four pillars built on foundations of great teaching, cutting-edge technology, experience and excellence.

Our sister colleges have over one-hundred years of teaching experience and we are delighted that we can incorporate that wealth of knowledge into City Language School's offerings.

At Ashfield College, our Leaving Certificate courses help students to lay the foundations for their future. With dedicated teachers and small class sizes, our focus is all on you. Whether your aim is to study Medicine at Trinity College Dublin or go abroad and study in the UK, Ashfield College and City Language School have all the teaching expertise, experience and resources that you need to get you there.

With City Colleges and Progressive College, we run a comprehensive suite of degrees, diplomas and courses that will suit many levels of language learners. These courses are prepared by some of the best lecturers in the country who are leading minds and innovators in the fields of Business, Marketing, Accountancy, Psychology, Criminology, Childcare and Education.
